PUBLIC SAFETY AND HOMELAND SECURITY BUREAU ACTION

REGION 11 (HAWAII) PUBLIC SAFETY REGIONAL PLANNING COMMITTEES TO HOLD 700 MHz REGIONAL PUBLIC SAFETY PLANNING AND 800 MHz NPSPAC REGIONAL PUBLIC SAFETY PLANNING MEETINGS

PR Docket No. 93-80

The Region 11 (Hawaii) Public Safety Regional Planning Committees will hold two consecutive planning meetings on Tuesday, October 30, 2007. Beginning at 8:30 a.m., the 700 MHz Public Safety Regional Planning Committee will convene at the State Video Conference Center in the Keoni Ana Building, Room 302, 1177 Alakea Street, Honolulu, Hawaii.

Immediately following the 700 MHz Public Safety Regional Planning Committee meeting, the 800 MHz Public Safety Regional Planning Committee will convene at the same location.

To facilitate neighboring county participation, the meetings will be broadcast to the State-owned Video Conference Centers (VCCs), which will be available on each meeting day until 12:00 noon at the following locations:

- Hawaii: Hilo State Office Building, Basement, 75 Aupuni Street, Hilo
- Maui: Wailuku Judiciary Building, First Floor, 2145 Main Street, Wailuku
- Oahu: Kalanimoku Building, Room B-10, 1151 Punchbowl Street, Honolulu
- Kauai: Lihue State Office Building, Basement, 3060 Eiwa Street, Lihue

Both of the Region 11 Public Safety Regional Planning Committee meetings are open to the public. All eligible public safety providers whose sole or principal purpose is to protect the safety of life, health, or property in Region 11 may utilize these frequencies. It is essential that public safety agencies in all areas of government, including state, municipality, county, and Native American Tribal, and non-governmental organizations eligible under Section 90.523 of the Commission's rules, be represented in order to ensure that each agency's future spectrum

needs are considered in the allocation process. Administrators who are not oriented in the communications field should delegate someone with this knowledge to attend, participate, and represent their agency's needs.

All interested parties wishing to participate in planning for the use of public safety spectrum in the 700 MHz and 800 MHz bands within Region 11 should plan to attend. For further information, please contact:

Robert J. Hivak, Chairman
Region 11, 700 MHz Public Safety Regional Planning Committee
State of Hawaii, ICS Division
